CAREER OBJECTIVE

MCA graduate with hands-on experience in Python, Django, SQL, SQLite, HTML, CSS and JavaScript through internship and academic projects. Seeking an entry-level IT opportunity to apply technical, problem-solving and communication skills while contributing to organizational goals and building professional expertise.

EDUCATION

- Master of Computer Applications (MCA) | DRIEMS University | 2026 |
- BSC | CHOUDWARDEGREE COLLEGE | 2024 |
- 12th | CHOUDWAR HIGHER SECONDARY SCHOOL | 2021 |
- 10th | SADHU SUNDAN BIDYAPITHA | 2019 |

INTERNSHIP

Python Intern | Seeree Services Pvt. Ltd. | Dec 2025 – Jun 2026

- Developed a Smart Education System using Python, Django, SQLite, HTML, CSS, Bootstrap and JavaScript.
- Implemented student/teacher login, dashboards, courses, quizzes, attendance and certificate modules.
- Used Git and GitHub for project development and version control.

PROJECTS

AI-Powered Health Prediction Application

- **Skills Used:** Python, Django, SQLite, Scikit-learn, Machine Learning, GitHub
- **Description:** Developed an AI-powered Health Prediction Application using Django, SQLite, and Scikit-learn. Implemented CRUD operations for patient management along with email and Date of Birth validations. Integrated a Machine Learning model to predict health risks based on patient health parameters such as Glucose, Haemoglobin and Cholesterol levels. Used Python, Pickle, Git, and GitHub for model deployment and version control.

Calculator

- **Skills Used:** HTML, CSS, JavaScript
- **Description:** Created a responsive calculator capable of performing basic arithmetic operations. Implemented clean UI design & real-time input handling to enhance user experience.

SKILLS

- **Programming Languages:** Python
- **Web Development:** HTML, CSS, JavaScript, Django, REST API (Basic)
- **Data Analysis:** Excel, Scikit-learn, Data Cleaning, Data Visualization
- **Database Management:** MySQL, SQLite
- **Tools:** Git, GitHub, VS Code
- **Soft Skills:** Punctuality and Time Management, Communication Skills

EXTRA CURRICULAR ACTIVITIES

- **Certifications:** Python Programming| Web Development| Generative AI (Google Cloud)| AI & Machine Learning Projects
- **Interests:** Software Development, Data Analytics, Open-Source Contributions
- **Languages:** English, Hindi, Odia
